## **World Broadcasting Unions – Technical Committee<sup>1</sup>**

### **SUPPORT FOR NABA REQUIRING IMT SHARING STUDIES IN HIGH C-BAND TO CONSIDER CERTAIN SATELLITE AND FIXED SERVICES TRANSMISSION FACILITIES**

As the technical arm of the World Broadcasting Unions, the Technical Committee (WBU-TC) is responsible for technical broadcasting issues of importance to the members of the World Broadcasting Unions. The work of the WBU-TC focuses on issues and areas to which all Unions are welcome to contribute to, and which materially affect broadcasting in all regions of the world.

The WBU-TC has been following, with great interest, the discussions in ITU-R JTG 4-5-6-7 concerning IMT implementation in high C-Band.

The WBU-TC fully supports NABA's position as submitted in Documents [4-5-6-7/249](#).
